Profile

I'm a civil engineer with 7+ years of experience in the field of construction. I have a passion for leading technical staff to reach to the required target.

Education

Master of Science of Structural Engineering, Ain Shams University (ASU), Cairo, Egypt. (2015-2020)

- Major: Civil Engineering.
- Grade: GPA 3.63

Bachelor of Engineering (ASU), 2014.

- Major: Civil Engineering.
- Grade: Good.
- Graduation Project: Full Design of high rise building (14 typical floors, basement & Ground).

General Secondary Education Certificate, Ahmed Esmat Official Language School, Cairo, Egypt, 2009.

- Grade: 97.3 %

Experience

Senior Site Engineer Diaa Consult Engineering Consulting and Services, Cairo, Egypt. Nov 2019 - Present
(Cairo-university extension project at Al-Shiekh Zayed, 6th October City and Cairo Theatre)

- Manage the technical staffs and survey teams for nine blocks (111 residential buildings)
- Responsible for scheduling and proceeding of several targets

Junior Site Engineer Diaa Consult Engineering Consulting and Services June 2017 – Nov. 2019
(Cairo-university extension project at Al-Shiekh Zayed, 6th October City)

- Supervise all construction processes including reinforcement, detailings and finishes

Junior Site Engineer, AL SAEED for Holding & Contracting, Cairo, Egypt. April 2016-May 2017

- Supervise the construction and finishing works for the administrative building of "Akma" factory
- Manage the finishing works and the processes of handling materials at Gardenia project.
- Coordinate all aspects of the civil-related construction operations including earthwork, formwork, rebar, anchor bolts, embeds, concrete, grout, drainage, architectural, and paving

Junior Site Engineer, ADEC Consulting, Cairo, Egypt. Nov. 2014-March 2016

- Oversaw the quality control in welding and general maintenance works on "Americana" Marine.
- Supervised some construction processes (Excavation works for Petrobel Company & Casting, Carpentry, and Reinforcement work in "Pack Plus" Factory in Obour city).
- Calculate all the required calculations for Bank Misr building and some residential units.

Extracurricular Activities

Participant, Track student activity, ASU, 2013.

- Attended three sessions about the track "keep yourself in the lane" which was about some ethical skills.

Skills

- **Computer skills:** Very good command of Auto CAD, SAP, Plaxis 2D & Safe. Excellent command of Microsoft office applications and Primavera P6.
- **Language:** Arabic mother tongue, & a very good command of English.
