- Self-Motivation
- Teamwork
- Time Management

Objective (Profile)

Fresh graduate petroleum engineer interested and looking for a job opportunity in the oil and gas industry that is both challenging and rewarding. Have wide knowledge includes geology, geophysics, and petrophysics, in addition to that, usage of much software used in oil and gas. Seek a position in a well-reputed corporation, make significant contributions, and add value to the teamwork to achieve scheduled targets and goals.

Education

- 10-2015
10-2020  **Bachelor of Engineering: Faculty of Petroleum and Mining Engineering**
Suez University – Suez, Egypt
 - Majored in the Geological and Geophysical Engineering Department.
 - Graduated in the top 5 students of the class with a very good grade (B+) and a 3.08 GPA (out of 4).
- 10-2019
08-2020  **B.SC Graduation Project**
 - **Name:** A Survey on Geological and Petrophysical Studies of Matulla Formation.
 - **Grade:** Excellent
- 07-2019
09-2019  **College Surveying Project**
 - **Name:** A Survey of Suez University.
 - **Grade:** Excellent

Work Experience (Trainings)

- 06-2020
09-2020  **Arab Oil and Gas Academy, Online Internship**
Summer Intern
- 11-2019
11-2019  **El Sewedy Cement Company, Suez, Egypt**
Field Trip Visitor
- 09-2019
09-2019  **El Wastani Petroleum Company, Damietta, Egypt**
Summer Trainee
- 08-2019
08-2019  **General Petroleum Company, Red Sea, Egypt**
Summer Trainee
- 09-2018
09-2018  **Petro Services, Cairo, Egypt**
Yard Trip Visitor
- 07-2018
07-2018  **Mineral Resources Authority, Cairo, Egypt**
Summer Student Trainee
- 2009
2012  **Plumbing Works, Bilqas, Egypt**
Plumber's Assistant

SOFTWARE

-  Adobe Photoshop
-  AutoCad
-  Microsoft Office
-  TechLog

Courses

- **Basic Drilling Engineering**
- **Basics of Enhanced Oil Recovery**
- **Basics of Production Logging**
- **Casing Design**
- **Enhanced Oil Recovery (EOR)**
- **Formation Evaluation**
- **Google IT Support Professional Certificate**
- **Introduction to Artificial Lift Technology**
- **Introduction to Cased Hole Logging**
- **Introduction to Drilling Rig and Drill String Components**
- **Introduction to Geographic Information System (GIS)**
- **Introduction to Well Drilling**
- **Introduction to Well Intervention**
- **Introduction to Well Servicing**
- **Level 1 Programme of IWCF**
- **Multistage Completions for Hydraulic Fracturing**
- **Oil & Gas Industry Operations and Markets**
- **Petroleum Software School**
- **Reservoir Characterization: Clastics and Carbonates**
- **Reservoir Simulation and Field Development**
- **Virtual Mud School**
- **Well Intervention**
